Newbury Methodist Church

Originally built by A. Hunter in 1898, the organ was rebuilt with electric action by Gray and Davison in 1963. At the same time, a Choir organ was added which included three stops taken from the Great (Clarabel, Dulciana & Harmonic Flute). These were in turn replaced by a Geigen, Stopped Diapason (dating from C1840) & Twelfth. A detached stop-key console made by two members of the church was also fitted in the north side gallery.
BC Shepherd & Son added a Choir Saube Flute (Bishop 1888) in 1987 and a high pressure Trombone/Trumpet unit playable on the Great, Choir & Pedal in 1993. During the 2013-14 overhaul, they added an Acoustic Bass 32, derived from the Pedal Open Diapason and Bourdon ranks.

Department and Stop List

Pedal	Compass-low **C** Compass-high **f1** Keys **30**
